I am very thankful to Yahauvah that made me capable of taking his name made me capable of doing His work.

### **Introduction**

My name is Asif Raza. I am from Pakistan. I live in small town of Pakistan.

### **Testimony**

I was so far away from Yahauvah and I was a bad person . My home condition is very bad; my father is very old man and my mother is blind. In situation I was caught up in bad things that it was very difficult to get out. Because of these, I started praying and reading the Bible. After some time, I feel coming to Yahauvah, my life changed. One day suddenly while praying, Yahauvah taught/said to me, Asif, go and spread to the world Yahauvah. I was upset for this... how I can ? I am just simple person. I prayed to Yahauvah for these things. Yahauvah told me to bring others who have strayed from Yahauvah to Yahauvah. So I went to every house and started sharing the testimony of my life and started praying for those who are far from Yahauvah. And one day I meet brother Kevin and I told brother Kevin my whole situation... I want to bring many people who are far from Yahauvah to Yahauvah and teach them about Yahauvah. I asked brother Kevin, please teach us about Yahauvah. Brother Kevin agreed to teach us. I gathered those who did not know the word of Yahauvah, and we taught them. And after some time, I requested to brother Kevin, I said the people here are very worried about poverty and un-employment - the poor people like me because of difficult situation and un-employment not being able to give Yahauvah time and not being able to learn the word. This is a great attack of the devil in people lives. I asked brother Kevin to give them the word as well and help them financially too so they can give Yahauvah enough time. Brother Kevin started helping in every month through food packages, and we distribute bible books to every people. Now have our hundreds of family who learn from brother Kevin every Saturday and Friday and Wednesday. HalleluYah!

### **Other Testimonies**

Because of brother Kevin teaching and praying, many peoples are following truths and bring miracles and healing. We love you brother because of you brother, Yahauvah is greatly working here. We learned from brother Kevin..... who is our father.....what is the heavenly Father's name and about Yahauvah's Son and Holy Spirit and about Yahauvah's ten commands, deeply about false teachers and leaders teaching false systems and traditions.

Because of brother Kevin, now we on the right way. And through brother Kevin, we learned about truth and poor peoples are receiving food packets every month.

Because of brother Kevin's prayers and from truths, my life and many peoples are changed. In Yahauvah's name many diabetics were healed from various elements with prayers of all of you and the grace of Yahauva. I want to expand the work and increase this.
